A DAY IN THE LIFE OF MC...

EPIC CHANGE. It all begins in the morning, and you're meeting God face to face in intense worship and prayer. Your MC day is set in motion with a direct focus on God. You're getting lost with God in the massive 98,000 sq. foot sanctuary when you realize prayer time is already over. The time slips away faster than you know it, and you're heading to devotions. Students are sharing what God has done in their lives and challenging each other to dig in deeper. The morning continues, and now you're memorizing scriptures. You choose 10 of them per week to memorize and study. This helps you take what you read everyday and hide it in your heart. At first, the thought of memorizing 300 verses by graduation is overwhelming, but we like to think of it adding Godly wisdom to our passion.

Our Bible College curriculum is both challenging and empowering. It's one of the reasons to come to Master's Commission. If you've always wanted to give an answer to your faith, or just understand the Bible in a deeper way, these courses do just that. Not only do you dive in to the power of the scriptures, but you're taught who wrote these books and why they were written. You'll be able to understand and study the Bible in a way that will challenge you as you walk with God and minister to others.

The afternoon rolls around and you jump in to Ministry Mentoring and Ministry Practicum. You've spent the morning dealing with God and now your afternoon is dedicated to working with His people. Ministry Mentoring is all about understanding ministry from those who are in it; speakers, pastors, worship leaders and dedicated men/women of God who have abandoned themselves to serve Christ. It is life changing to learn from those who have been there, and to have questions answered that help us change lives as well. Ministry Practicum is taking the love of God to others in practical ways through a "hands on" ministry experience. It's said that experience is life's greatest teacher. There is no shortage of ministry experience throughout the year, and these opportunities challenge you to minister to people who may never step inside a church!

To add a little spontaneity to our lives, staff and leadership will periodically plan special off-site events and fun days. These unexpected moments serve the purpose of varying the schedule and breaking up the routine, and also help build the valuable friendships we make while here at Master's Commission. Whether it's a day spent watching movies and playing games, caving, a sunset worship service on the beach, or a city wide Amazing Race, these events are always a highlight for everyone.

Imagine doing this - everyday for 9 months! It will either make you or break you into the person God wants you to be. Are you willing to take the next 9 months to set everything aside and allow God's dreams for your life to become a reality? It starts with you. To make a difference in this world, you have to be different. To change this world, you have to be changed. This is the goal in the life of Master's Commission. A changed life...changing lives.
